

SHARLIGHT

# Mini Air Purifier

## Sterilization Purifier For Cars

6.75m<sup>2</sup>/h  
Application  
area

99.99%\*  
Kills Germ

**UVC LED  
sterilization**

**99.99%  
sterilization rate**

**Multi-layer  
filters**

**Lightweight  
and portable**

**PM2.5  
purification rate  
99.84%**

**High efficiency  
removal of  
formaldehyde**

# Invisible Killer !

Don't ignore the "invisible killer" in your car

~Air magician, feel the fresh air~

Remove car odors

Second-hand smoke in the car

Formaldehyde  
PM2.5

Dust, air outlet  
bacteria

POWER CHIPS MULTIPLE LAYER

# Improve your family's respiratory health

## Metal Net

Adopt the principle of static electricity to absorb hair in the air  
Large suspended solids such as flocs

## Active carbon filter

Filter harmful substances in the air, such as formaldehyde, etc.,  
to remove air odor

## HEPA High efficiency filter

Quickly adsorb PM2.5 particles

The UV-C ultraviolet lamp on the top of the purifier can effectively sterilize the air while purifying the air

**Sterilization rate up to 99.9%**

# Not only purification but also sterilization

The air is full of harmful bacteria. Is likely to cause respiratory infections, causing decreased body immunity

# Lightweight body

## Easy to carry

The size of a thermos cup, worry-free storage, can be carried with you

**280G**

**WEIGHT**

# Vertical air duct For efficient purification

Quickly inhale the air 360° from all angle, pass through the multi-layer filter, multiple purification  
At the same time, the top UV sterilizes, will releases fresh air from the middle

# Three-speed air volume

## Quiet operation

# USB Plug-in Design Apply to multiple spaces

Baby carriage

Office desks

Bedrooms

Washroom

## Details

# More Thoughtful Design

### Multi-speed Adjustment

One touch  
Three gear adjustment

### Wave body design

Wavy body to increase friction  
Easy to disassemble
